**Subject** In Vitro Diagnostics Niches Determinations  
**Reference** 290422-1.FEN

Dear Sir, Madam,

**iNstruChemie The Netherlands** is an independent Diagnostic & Biotechnology company, specialized in the development, production and marketing of reagents, standards and controls for use in medical, industrial and environmental laboratories.

For 30 years many international laboratories are working with our reagents. Our products are manufactured according to the ISO-9001:2000 & ISO-13485:2003, European product in-vitro diagnostics requirements 98/79/EC, yearly approved by a notified body and marked with the CE-Symbol.

**Some of our most popular special manufactured diagnostic niches are:**

***Aldolase, enzymatic method***

***ALAT, IFCC start reagent method***

***Ammonia, NADPH enzymatic method***

***ASAT, IFCC start reagent method***

***Chymotrypsin, colorimetric method***

***Citrate, enzymatic method***

***CRP Controls***

***D-3-Hydroxybutyrate ( $\beta$ -HBA), enzymatic method***

***Galactose, enzymatic method***

***Glucose, enzymatic start reagent method***

***Glycerol, enzymatic method***

***gamma-GT, IFCC enzymatic method***

***Hemoglobin, cyanide (free) method***

***Hb controls, standards***

***Homocysteine, HPLC method***

Ammonia

Chymotrypsin

Oxalate

Pyruvate

**Lactate, enzymatic method**

**LD, IFCC enzymatic method**

**Lysozyme, turbidimetric method**

**Mannitol/Lactulose, SAT test, enzymatic method**

**Free Metanephrines, plasma & urine, HPLC method**

**Oxalate, charcoal free method, enzymatic method**

**Proteins Control**

**Protein, pyrogallol red method**

**Pyruvate Kinase (PK), enzymatic method**

**Pyruvate, enzymatic method**

**Sorbitol Dehydrogenase (SDH), enzymatic method**

**Vitamin B1, B6, A/E, D3, HPLC method**

**Zinc, colorimetric method**

**And many more.....**

If you wish more information like **catalogues**, product inserts and/or price quotations please send an email to: [info@instruchemie.nl](mailto:info@instruchemie.nl)

We are also looking for distribution opportunities in your country.

Awaiting your reply, we remain,

Yours sincerely,

INstruChemie – The Netherlands (Holland)

Irenus Nieland, director,  
 Fons Nieland, adjunct director.
